We know about the work of the Pupil Council	49 (60%)	18	15
PREPARATION FOR THE NEXT STAGE			
The work children do in school is important for their future	80(98%)	2	0
WHAT CAN WE DO BETTER?			
<ul style="list-style-type: none"> • Reward good children for their efforts in class • Listen to the children more • Put railings on the pavement outside school • Deal with the parking outside at mornings and home time • Deal with bullying straight away • Introduce a one way system outside school • Nothing, I think the school is excellent • I think a school choir would be beneficial to the children • Make the entrance to the infants side bigger • Improve the traffic situation outside school • Make sure children do PE every week • Give more homework to younger children • Let parents know what children eat every day • Give out information about events earlier • Report on achievement and where help is needed • Improve access to the playgrounds for parents at start and end of school • Nothing. Well done to each and all for the greatest place to learn and grow!
