WHAT COULD SCHOOL DO BETTER?			
<ul style="list-style-type: none"> • We are both very happy with the school looking after our daughter and would like to thank the staff • Contact parents immediately if their child has been checked for seriously bad behaviour • Staff need to be aware that children have two parents even if they have split • Only dinners, as my children say they are awful and are hungry when they get in • Nothing. I think staff at the school are helpful • Get parents to sign in and out at parents' meetings • More communication between teachers and parents • More PE, children say they don't do it
